

**FAASTeam presents:**

# **IMC Club - Mastering the Art of Instrument Navigation**

For this meeting, we have chosen a topic which many can identify with - getting lost. Believing that safety and proficiency are developed through education and experience. Monthly meetings use real world scenarios to engage our members and allow them to share and build their experience.

At the meetings, prospective members have the opportunity to see and discuss presentations provided by EAA/IMC Club. You do not have to be instrument rated to attend.

We will begin promptly at 7pm and we will aim to be finished with the official meeting within an hour but will allow time for some hangar flying and socializing afterwards.

Click on the link below and register TODAY.

**Directions:** EAA 414 IMC Club will hold it's meeting at 7pm on Wednesday August 17th at Skill Aviation, 2346 West Beach Rd, Waukegan, IL 60087. The Skill Location is adjacent to Stick and Rudder and is at the Waukegan (UGN) airport.

#### **A message from the National FAASafety Team Manager**

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
